NATURAL GAS LOCAL DISTRIBUTION COMPANIES

HELPING YOU ACHIEVE MORE EFFICIENT, SAFE AND RELIABLE OPERATIONS
DELIVERING CLEAN, SAFE, EFFICIENT ENERGY

Leading natural gas industry specialists combined with broad technical capabilities enable Black & Veatch to understand and overcome challenges associated with delivering clean burning natural gas to customers safely and efficiently.
ASSESS, EXAMINE, DEVELOP AND IMPLEMENT VALUE-BASED SOLUTIONS
Black & Veatch uses proprietary methods and processes to advise our clients in areas such as strategic planning, natural gas market analysis, change management, risk assessments, rate and regulatory, and many other areas. Working side-by-side, we assess priorities, examine challenges and develop solutions that meet your unique needs.

CREATING CONFIDENCE FROM UNCERTAINTY
Black & Veatch understands external and internal drivers that create uncertainties for natural gas utility planning and performance. Black & Veatch’s proven methodologies provide a simplified, accelerated method to develop and implement strategies across your enterprise.

The company’s proprietary forecasting services provide likely market conditions 25 years into the future. These services, combined with other market analysis and operational assessment support, give Black & Veatch clients confidence that their organizations are prepared for future changes and risks in the natural gas market.

ENHANCING SAFETY AND OPERATIONAL EFFICIENCY
Using its extensive information technology capabilities along with operational effectiveness, Black & Veatch helps natural gas utilities design, develop, deploy and integrate a multi-point solution for automating all functions associated with sustainable pipeline integrity management. In addition, Black & Veatch can integrate disparate systems from across the utility’s enterprise to create a more reliable and efficient operation.

COMPREHENSIVE EXPERTISE
Black & Veatch’s capabilities expand across the natural gas value chain. This holistic view of the entire marketplace enables Black & Veatch to consistently deliver desired results. Our seasoned professionals possess a unique blend of business acumen and extensive technical capabilities to provide a wide range of services to natural gas utilities. Bottom line — we deliver!
