BLACK & VEATCH

IMPROVING

Communities and Lives

AROUND THE WORLD

We provide our clients global experience and local resources to solve complex challenges in power, oil and gas, water and communications infrastructure.

SOLVING COMPLEX CHALLENGES

We're able to fulfill our Mission of *Building a World of Difference*® with a global workforce of more than 10,000 professionals. They provide expertise in consulting, engineering, procurement, construction, operations and program management.

This depth of professional experience allows us to deliver reliable and innovative infrastructure solutions for our clients' most complex challenges. We help improve and sustain quality of life around the world.

IMPROVING AND SUSTAINING QUALITY OF LIFE

Our world is facing new challenges every day, and we believe it's our responsibility to meet the needs of the present generation while improving the ability of future generations to meet their needs. We do this by enabling the delivery of safe and reliable energy, clean water and instant access to communications through effective planning, design, procurement, construction and management of global infrastructure.

INDUSTRY LEADERSHIP

- #9 Top 10 in Sewerage and Waste

Telecommunications Design Firms

- #1 Top 20 in Telecommunications
- #1 Top 5 in Towers and Antennae

MARKETS WE SERVE

POWER / OIL & GAS

Black & Veatch is making lives better around the world by applying accurate planning, leading technologies, proven EPC practices and reliable operations solutions for oil and gas, power generation and power delivery infrastructure. Our global projects are consistently recognized throughout the energy industry for quality and best practices.

WATER

Black & Veatch has decades of experience developing best practices for water infrastructure. We are the leader in timely and accurate project planning, industry alliances and proven design-build delivery. The result is affordable, reliable and optimized water and wastewater solutions. We help communities and clients with innovative use of water resources, including treatment, conveyance infrastructure, water reuse systems, desalination, dams and hydropower, irrigation, flood management, and aquifer storage and recovery.

TELECOMMUNICATIONS

Black & Veatch works with leading companies and communities to plan, design and build digital infrastructure that fosters growth and innovation. We deliver complete turnkey Information and Communications Technology (ICT) solutions, including wireless, wireline and IP networks, as well as information and operational technology systems used for secure communication, monitoring and control and data analytics. Our full service offering includes program management, planning, engineering, procurement and construction services to support the expansion of telecommunications and technology.

GLOBAL SCALE

- Professionals worldwide: 10,000+
- Global project base: 100+ countries on six continents
- Active projects: 7,000 worldwide

GOVERNMENT

Black & Veatch provides comprehensive planning, engineering, procurement, construction management and program management to government clients around the world, including serving the United States on missions from preliminary studies through complex military construction projects and civil work, as well as environmental programs, aerospace and defense facilities, and security.

MANAGEMENT CONSULTING

Black & Veatch is providing proven, strategic management consulting services to industry executives on a wide range of enterprise management matters, including:

- Strategy
- Finance and Marketing Analysis
- Regulatory Support and Compliance
- Customer Engagement
- Smart Infrastructure
- Asset Management

BUILDING A WORLD OF DIFFERENCE®

Black & Veatch is an employee-owned, global leader in building critical human infrastructure in power, oil and gas, water, telecommunications and government services. Since 1915, we have helped our clients improve the lives of people in over 100 countries through consulting, engineering, construction, operations and program management.

Our revenues in 2016 were US \$3.2 billion. Visit bv.com and follow us on social media.
